DETAILED ACTION

Applicants are informed that the rejections/objections of the previous Office action not stated below have been withdrawn from consideration in view of the Applicant's arguments and/or amendments.

Claims 3-5, 7-9, 11-13 and 24-31 are examined on the merits. The claims have been renumbered to comply with proper order to independent and dependent claims (see attached claim set).

Information Disclosure Statement

The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609.04(a) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

Allowable Subject Matter

Claims 3-5, 7-9, 11-13 and 24-31 are allowed.

The following is an examiner's statement of reasons for allowance: the prior fails to teach a method of transducing a cell which lacks a Coxsackie and Adenovirus Receptor (CAR) with a vector that encodes the chimeric Adenovirus fiber polypeptide of SEQ ID NO: 1, which is encoded by SEQ ID NO: 12, or the claimed regions also claimed. Furthermore, even though the prior art teaches amino acids 1-45 of SEQ ID NO: 1 (see previous Office action, Chillon et al.), the nucleic acid that encodes these

Art Unit: 1648

amino acids form Adenovirus 17 are not identical to that of positions 1-135 of SEQ ID NO: 12 (see Appendix A-Sequence alignment).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ann S. Viksnins on April 3, 2008.

The application has been amended as follows:

In the claims:

In claim 24, at line 1, "CAR" has been deleted and --coxsackievirus and adenovirus receptor (CAR)-- inserted therefor.
